

Reg No.: \_\_\_\_\_

Name: \_\_\_\_\_

03000CE362062201  
APJ ABDUL KALAM TECHNOLOGICAL UNIVERSITY

Sixth Semester B.Tech Degree (S,FE) Examination May 2022 (2015 Scheme)

Course Code: CE362

Course Name: Ground Improvement Techniques

Max. Marks: 100

Duration: 3 Hours

**PART A**

*Answer any two full questions, each carries 15 marks.*

Marks

- |   |   |     |
|---|---|-----|
| 1 | a) List the major distribution of soil in India and explain any two types.                                | (6) |
|   | b) What are the problems associated with expansive soils?   | (4) |
|   | c) Explain ascending and descending type of grouting  | (5) |
| 2 | a) Describe the different ground conditions under which ground improvement techniques need to be adopted. | (5) |
|   | b) List the objectives of grouting  | (5) |
|   | c) What is reclaimed soil? Explain the different types of reclamation materials.                          | (5) |
| 3 | a) Write a note on ground improvement potential   | (5) |
|   | b) Describe jet grouting and its types.   | (5) |
|   | c) Describe the stages of grouting in a construction project.   | (5) |

**PART B**

*Answer any two full questions, each carries 15 marks.*

- |   |  |     |
|---|--|-----|
| 4 | a) Explain the components of a ground anchor, with the help of a neat sketch. Explain the different types of ground anchor used? | (8) |
|   | b) Describe the different mechanisms involved in lime stabilization?   | (7) |
| 5 | a) Explain the mechanism of soil nailing. Explain about the construction sequence of soil nailing.                               | (9) |
|   | b) Write a note on proportioning of materials in mechanical stabilization  | (6) |
| 6 | a) Discuss about soil stabilization using polymers.  | (7) |
|   | b) Mention any two rock bolt types and their applications.   | (8) |

**PART C**

*Answer any two full questions, each carries 20 marks.*

- 7 a) Explain any two surface compaction equipment. (6)
- b) Describe vacuum dewatering technique (6)
- c) Explain about compaction control tests (8)
- 8 a) Explain the deep well drainage system with a neat sketch. (8)
- b) Explain the deep compaction method of explosion. (6)
- c) Describe the dewatering technique by sumps and ditches. (6)
- 9 a) Explain electro-osmosis method of dewatering. (10)
- b) List the vibration methods of deep compaction. Explain any two methods. (10)
